

NOTIFICATION: ANNA DSB UAT - INTRODUCTION OF MID-WEEK UAT MAINTENANCE WINDOWS

Audience: All DSB Users

Date: 25 July 2017

Notification details:

The DSB is introducing a weekly UAT maintenance window starting this Wednesday (26th July 2017) to facilitate infrastructure readiness and address bug fixes ahead of DSB go-live on 2nd Oct. This UAT downtime will operate between 02:00 and 07:00 UTC on Wednesday of each week and may require FIX API users to restore their connections after this time. Should a restart be required, the DSB will communicate readiness to receive connections at the end of the maintenance window.

This week's downtime will include infrastructure upgrades & a bug fix to address the occurrence of duplicate ISINs in file-download and FIX subscriptions.

Action Required:

- Users may be required to reconnect their FIX sessions to the DSB after 07:00 UTC on Wednesdays. The DSB will notify users once the maintenance is completed and if a reconnection is required.

Please contact Technical.support@anna-dsb.com for all support & connectivity issue.
