

**Notification Details:**

All DSB users are reminded that the following changes are scheduled for release into the Production environment on 14<sup>th</sup> February 2021.

1. Addition of a new field to **Equity Option** templates that will inform the user of the type of Strike Price.
2. Introduction of an additional validation of Strike Price value depending on the Strike Price Type.

Please note that these changes are not backwardly compatible and users of the impacted templates will need to download the new versions.

Users are also reminded that these changes have been available in the UAT environment since 21<sup>st</sup> November 2020 will be available for testing until 12<sup>th</sup> February 2021.

Full details of this release (including key dates, documentation, change details and affected templates) can be found on the dedicated [DSB Website Release Page](#).

---

Dear Users,

Further to our previous notification, we wish to advise you that the [2021 January Strike Price Release](#) scheduled for 31<sup>st</sup> January 2021 will be postponed by two weeks. Following requests from a number of institutions the DSB consulted the Technology Advisory Committee who were supportive of a short delay to the implementation of this release.

Please note of the revised schedule as detailed below.

**UAT2 Implementation Timeline:**

Early Weekend Maintenance Schedule for 13th February 2021: 12:00 AM UTC Saturday 13th February 2021 and will finish at 12:30 PM UTC Sunday 14th February 2021.

**Production Implementation Timeline:**

Standard Maintenance Window: Sunday 14th February 2021 00:30am - 12:30pm UTC

Regards,

DSB Technical Support Team

---
