

5 July 2026

Dear DSB Users,

We would like to inform you that the rollback of the **DSB FIX Component Update** in the **UAT** environment has been completed successfully.

Please contact the DSB Technical Support Team via email at technical.support@anna-dsb.com if you have any questions in relation to this notification.

Kind regards,
DSB Technical Support Team

3 July 2026

**UPDATE NOTIFICATION INFORMATIONAL ONLY:
DSB FIX Component Update**

Dear Users,

The DSB has identified an issue in UAT following deployment of the FIX component update on 21 June 2026. To support ongoing root cause analysis and ensure service stability, the FIX component update will be rolled back from UAT on 5 July 2026. No other UAT components will be rolled back as part of this activity and no impact is anticipated for users.

Following completion of the investigation and implementation of any required fix, the DSB will redeploy the FIX component update to UAT and will confirm the revised release schedule via a separate notification.

Thank you for your patience.

Please contact the DSB Technical Support Team via email at technical.support@anna-dsb.com if you have any questions in relation to this notification.

Kind
DSB Technical Support Team

regards,

21 June 2026

10 June 2026

INFORMATIONAL NOTIFICATION: DSB FIX Component Update

Audience: DSB FIX Users

Background:

This notice is intended to notify DSB FIX users that, as part of the weekend maintenance, there will be a DSB FIX Component Update on the following dates:

Release Schedule	
UAT Environment	21 June 2026
UAT2 Environment	04 July 2026
Production Environment	04 July 2026

Impact:

This change should be seamless and no impact on users is expected.

Action Required:

DSB users must ensure they are disconnected from the respective DSB environments before the release schedule.

Please contact the DSB Technical Support Team via email at technical.support@anna-dsb.com if you have any questions in relation to this notification.

Kind regards,
DSB Technical Support Team
